

First Conference of Research Software Engineers (RSE)

Location: Manchester Museum of Science and Industry

Dates: 15-16 September 2016

The UK association of Research Software Engineers is holding the First Conference of Research Software Engineers at the Manchester Museum of Science and Industry on September 15-16. The conference brings together people who are involved in writing research software, be they students or early career researchers, or leaders of research software groups. There are 200 participants, with attendees from around the world, both academia and industry (i.e. the Moore Foundation, Microsoft, Intel, CANARIE, academics from a broad range of disciplines, and representatives from most of the UK funders and research councils).

Full details about the conference can be found [here](#).
